Re: Follow up from 5-28-14 meeting and invitation to attend a meeting with the Texas Commission on Environmental Quality

Dear Ms. Dunn,

Thank you for meeting with Mayor Bill Glancy and me on Wednesday. I appreciate your time and effort on the Farmers Branch Creek issue. We are looking forward to working with you to solve any problems concerning the creek.

During the meeting you indicated that you possess a letter from the TCEQ that gave you permission to pump water from the Woodbine Aquifer rather than the Trinity as the permit requires. Please provide me a copy of the letter as soon as possible.

Finally, I have been directed to meet with the TCEQ on this matter by the City Council on or before July 4th. We would like you and your advisors to join us at that meeting to sort out the compliance issues raised in the TRC report. Please let me know whether you are willing to attend, and if so, dates before July 4th that work for you.

Thanks again for your attention on this important matter.

Please let me know as soon as possible.

Sincerely,

A handwritten signature in blue ink, appearing to read "Gary D. Greer".

Gary D. Greer
City Manager
